

Matthew Wassin

Superior Performance

Youth Star of Tomorrow

Matthew Wassin is the eighteen year old son of Paul and Patty Wassin who reside in Aberdeen. Matthew began bowling at the young age of eight.

Matthew graduated from Aberdeen High School in June 2014. Throughout his educational journey Matt remained focused and achieved honor roll on the distinguished and Principal's levels. Getting a strong education has always been very important to him.

Matt started bowling in the summer of 2004 at Harford Lanes in Aberdeen, Maryland just for fun and even possibly a new hobby. He fell in love with the sport and that summer he obtained an 87 average. During these 10 years of his bowling career, Matt has blown that average out of the water and has had many accomplishments.

He bowled in the High School League at Forest Hill Lanes for 3 seasons and carried high averages for those 3 seasons. In 2012 with practice and perseverance he had a 290 game with a 740 set. His team placed 2nd for 2 years straight. A highlight in 2011 at his home bowling alley of Harford Lanes he accomplished a 764 set. The owner of Harford Lanes, Bobby Marshall has always commended Matt on how honored he was to have Matt bowl in his alley.

Matt has always been told that he is a great role model and most of that is derived from his positive attitude, great sense of teamwork and patience. He has been invited to Pepsi tournaments, where in 2011 he won the Maryland Regional. After bowling a 289 game he was approached by a coach from West Virginia and said with his talent and temperament he is a winner. Matt was also invited to many Top 10 Invitationals.

Matt road tripped to show case his talents in Indy, Detroit and Buffalo traveling with 3 other families. These trips became mini family vacations allowing Matt to make new friends and meet fellow bowlers from all

over the world. He made the All Star Team from 2007-2013 and was Captain in 2011-2012 which was a big honor. In the words of his Mentor, Ronald Wooden (Principal of Havre de Grace Elementary) “Matthew is a great team player, who works well with others. He actively participates in his bowling league, which allows others to see how versed he is as a young man.”

Matt is enrolled at Lynn University in sunny Boca Raton, Florida majoring in Business. He was graciously able to further his education with the help of many scholarships he earned from his success in bowling. He would also like to thank the Youth Stars of Tomorrow for recognizing his achievements. With Matt the sky is the limit and he is looking forward to blowing his goals out of the water and achieving every task in his way.
